

**REPORT
OF THE
REGIONAL VICE-PRESIDENT
MANITOBA
Faye Kingyens**

This report covers the period of April 1st, 2018 – September 30th, 2018

Things are continuing about the same in Manitoba. All Locals are reporting issues with Phoenix still and members' frustrations dealing with this. Percy Moore casuals continue to have issues with not getting paid. The over-use of casuals is an issue for both Percy Moore and Norway House. Norway House members are also dealing with issues with isolated community pay. Information regarding large amounts of moneys owed to members who had had reclassifications has been forwarded to the National Office for assistance. Most EGs have not had the overpayment of EG allowance recouped nor letters explaining when this will happen. Regular OSH and LMCC meetings continue to take place in Winnipeg but are not being held consistently elsewhere. Local executives are being encouraged to press forward with these with their management. Communication with Local Executives and myself needs to be improved going forward.
