

UHEW Environment Committee Report Spring 2021

Committee members:
Marc Blanchard (Chair)
Robert Chafe
Richard May

The Environment Committee continues to correspond via email and meet through teleconferences though work schedules have made it difficult for the group to meet as a whole.

Committee activity for the last several months continue to be low mainly due to COVID and other issues taking priority.

After receiving word several months ago that the “Goodbye Plastic” campaign was accepted by PSAC, work is just now commencing on refining the details of the campaign. PSAC has provided some additional ideas to consider and representatives of the Environment Committee will be meeting with the PSAC over the coming weeks to finalize the plan. The expectation is that the campaign will start to be rolled out over the next 6 months. The Environment Committee is also looking at ideas for a June Environment month. Hopefully more details to come through the UHEW website as we get into May.

Stay safe and go Green!

Respectfully submitted by
Marc Blanchard
Committee Chair
